SPECIAL EVERGREEN SALE

Black Hills Spruce

Black Hills Spruce make about the nicest Evergreen planting of any trees we have. For your lawn, for the border of a drive, for a beautiful solid wall of green at the back of your yard, or in the cemetery. Their beautiful dark green foliage is a great joy throughout the year. We make a specialty of growing these trees and have a large assortment of all sizes. Evergreens transplant

particularly nice in fall and we can make prompt shipment of choice balled and bur-lapped stock at any time. Try planting one in a large tub or pail this fall and setting it out in the garden until it freezes up and then when Christmas comes slip it out of its hole and take it in and use it as a live Christmas tree.

Balled and Burlapped. Choice specimen stock.

Tulips

Fall is Tulip planting time and this is one bulb that rightfully can only be planted in the fall. We have only those large bulbs which give the most abundant blossoms the first season. Plant these abundantly all around your house and in beds on your lawn for their glorious coloring in early spring.

Prices by colors: Red, Gold, Pink, White, Blue, etc.

Assorted colors

75c a Dozen; 25 for \$1.35 or 100 for \$4.50, Prepaid

Dakota Penstemon

A beautiful new perennial only recently introduced. Has long stalks of light blue bell-shaped flowers. Especially nice in rock gardens or in your flower garden.

25c Each; 6 for \$1.00

Western Yucca

The most drouth resistant perennial from Western South Dakota. Particularly nice in rock garden work. Has abundant large light cream-yellow flowers on a long central stalk in mid-summer.

**3 Year Plants, 20c Ea.
6 for \$1.00**

Hansen Bush Cherry

The new fruit that is becoming so increasingly popular with all good fruit men everywhere as it bears so extremely young and with such an abundant crop of large choice eating cherries. Hardy everywhere and does well in practically all types of soil. It is low growing and bushy and so is an ideal plant in sort of a hedge along the side or back of the grounds.

From an ornamental standpoint it is also nice to plant on the lawn or around the house as it is completely covered with large fragrant flowers in early spring followed by large purple black fruit and then has rich gold and red colored foliage in fall. Whereas during the summer the foliage is a beautiful silvery, glossy green color.

Prof. N. E. Hansen has spent going on 40 years developing these Bush Cherries for a better quality fruit, large-size, greater productiveness and earliest bearing qualities. They often bear the first year planted but always the second year after planted and annually thereafter. A particular point of advantage is that on a fall planting you usually have a choice lot of fruit the following summer. They are great to eat fresh, make delicious jam, jellies, a most delightful cherry sauce or pie, and will make a tasty cordial.

Two-Year Large Bushy Transplants

25c Each—6 for \$1.00; 12 for \$1.75; 25 for \$3.25

Siberian Black Currant

The hardiest and most productive Black Currant. Bears abundantly the year after planting and annually thereafter. Good eating fresh and makes the most wonderful eating, beautiful, wine-colored jelly or jam. Hardy everywhere and will do well on almost any type of soil.

Large 2 Year Bushes—35c Each; 4 for \$1.00

Anoka Apple

Anoka, the wonder apple, is the earliest bearing apple tree in the world! Bears choice large delicious apples usually the year after planting. Bears heavily and annually. Does well in practically all types of soil and is hardy far north into Canada. The leading and most popular apple in the Northwest. Buy now for fall transplanting as prices are much lower than they will be in spring as stock is quite scarce due to the big demand.

This Year Trees—65c Each, 2 for \$1.25

Big Fall Sale

To get the best grade of stock and to buy it at the lowest price, if you will make your purchases of stock in fall we are much better able to serve you as we have a better season in which to pack and also have more time in which to do it, and we can give you stock freshly dug and before it goes into storage.

We are offering herewith a choice assortment of stock that will transplant readily in fall. I believe you will find it well worth your while to look over each offer and to place your order now for such stock as you will need for this fall or early spring planting. Prices are low now and you will make a big saving by purchasing your needs at this time, in addition to the big advantage of fall planting.

Stock when planted in the fall gets the advantage of all the fall rains, winter snows and early spring rains. So many times we find that in stock planted at this time of the year you are actually getting much better stands as it will do better the first season than when planted in spring with hot weather before it, whereas in fall planting with the fall rains stock has all the cooler weather and winter snows and early spring moisture to its advantage. Stock will be shipped during October or early November, or if you wish it can be held for shipment in early spring.

**With each order of \$3.00 or more your choice
of 3 Peonies or 6 Tulips**

RED SILVER CRAB

Completely red in flower, fruit, bark and foliage. Even the wood is red. The slight silver tint underneath the new growth of leaves only tends to enhance the rich maroon color of the foliage. Doubtless the best outstanding red flowered crab that has ever been introduced to the Northwest. Stock is very short so order early if you would like one of these new ornamentals.

This Year Trees—85c Each, 3 for \$2.25

SIBERIAN FLOWERING CRAB

Its glorious early spring magnificence adorned in an avalanche of large pink and white flowers of superb fragrance begins its alluring loveliness. This makes it a fine specimen ornamental for the lawn.

2 Yr. Large Trees—35c Each; 3 for 75c

May Day Tree

The beautiful flowering lawn tree. Completely covered with glossy, pure white, very fragrant flowers in early spring. The earliest tree of all to show green in spring and the earliest of any tree or shrub to blossom. Often blossoms as early as the 15th to 20th of April, but usually around the 1st of May. The most glorious flowering ornamental for the front yard or in your garden. Hardy everywhere. Drouth and disease resistant. Birds especially like the small cherries. Bears about the middle of July. Flowers come in long clusters somewhat resembling Lilacs though they are pure white and very fragrant. In fact so fragrant that their sweet aroma can be scented for blocks around.

1 Year Trees—35c Each; 3 for \$1

Carl A. Hansen Nursery

Brookings . . . South Dakota

Peonies

The hardiest of perennials for early spring blossoms. Plant these everywhere you want flowers to grow. They will blossom for years with scarcely any care or attention. We have them in a large variety of colors. Plant them now and get blossoms next spring.

By colors: Double Red, Pink or White, Large 3-5 Eye

35c Each; 4 for \$1.00

Large 7-12 Eye Whole Root Clump Divisions for Best Blossoms the First Year

75c Each; 3 for \$2.00

Special! Small Assorted Roots, Our Selection of Colors

20c Each; 6 for 75c

Spirea

The beautiful snow white blossoming bush for early spring beauty. Hardy everywhere, drouth resistant. Use abundantly around the house and on the lawn or as a flowering hedge.

Honeysuckle--Red Tartarian

Beautiful red flowers and berries. One of the most attractive and useful shrubs we have. Can be used in foundation plantings, as a specimen shrub, for a tall border, or for hedging.

Heavy 3-Yr. Shrubs—40c Each; 3 for \$1

Well Branched Hedging Plants, 15"-18"

\$16.00 per 100

HEDGING

Buckthorn

One of the oldest and most used of all hedge plants in the Northwest. Disease resistant and extremely hardy. These are well branched, heavy transplants.

12"-18"—\$7.50 per 100

Privet (Amoor River North)

This makes a very beautiful low hedge. Is hardy if kept well watered. These plants are very heavily branched.

18"-24"—\$12.00 per 100

CARAGANA

The hardiest, quickest growing hedge plant. Has small fern-like foliage that comes out early in the spring followed by small yellow flowers which are very attractive. Hardy everywhere. Can be kept trimmed as a low or tall hedge.

Heavy Transplants, 18 to 24 in.—\$5.00 per 100

***** PERENNIALS *****

As fall is the very best time to plant perennials, we are listing a few which you might want to include in your order.

These are all nice two year plants which make a fine showing for you next summer.

----- PHLOX -----

One of the best perennials as it can be had in such a large assortment of colors. It is hardy, easy to transplant and blooms from the middle of July until frost. Every garden should include a large number of these beautiful flowers.

----- PAINTED DAISY -----

One of the earliest and latest flowers to bloom, producing an abundance of blooms in a wide range of colors. These make very nice cut flowers. Bloom from June to October and grow about 18 inches high.

----- OCOLUMBINE -----

Makes one of the finest plants for the rock garden. Can be had in many colors, white, blue, yellow and bicolors. Blooms in May and June. Grows 2 to 3 feet high.

----- DELPHINIUM -----

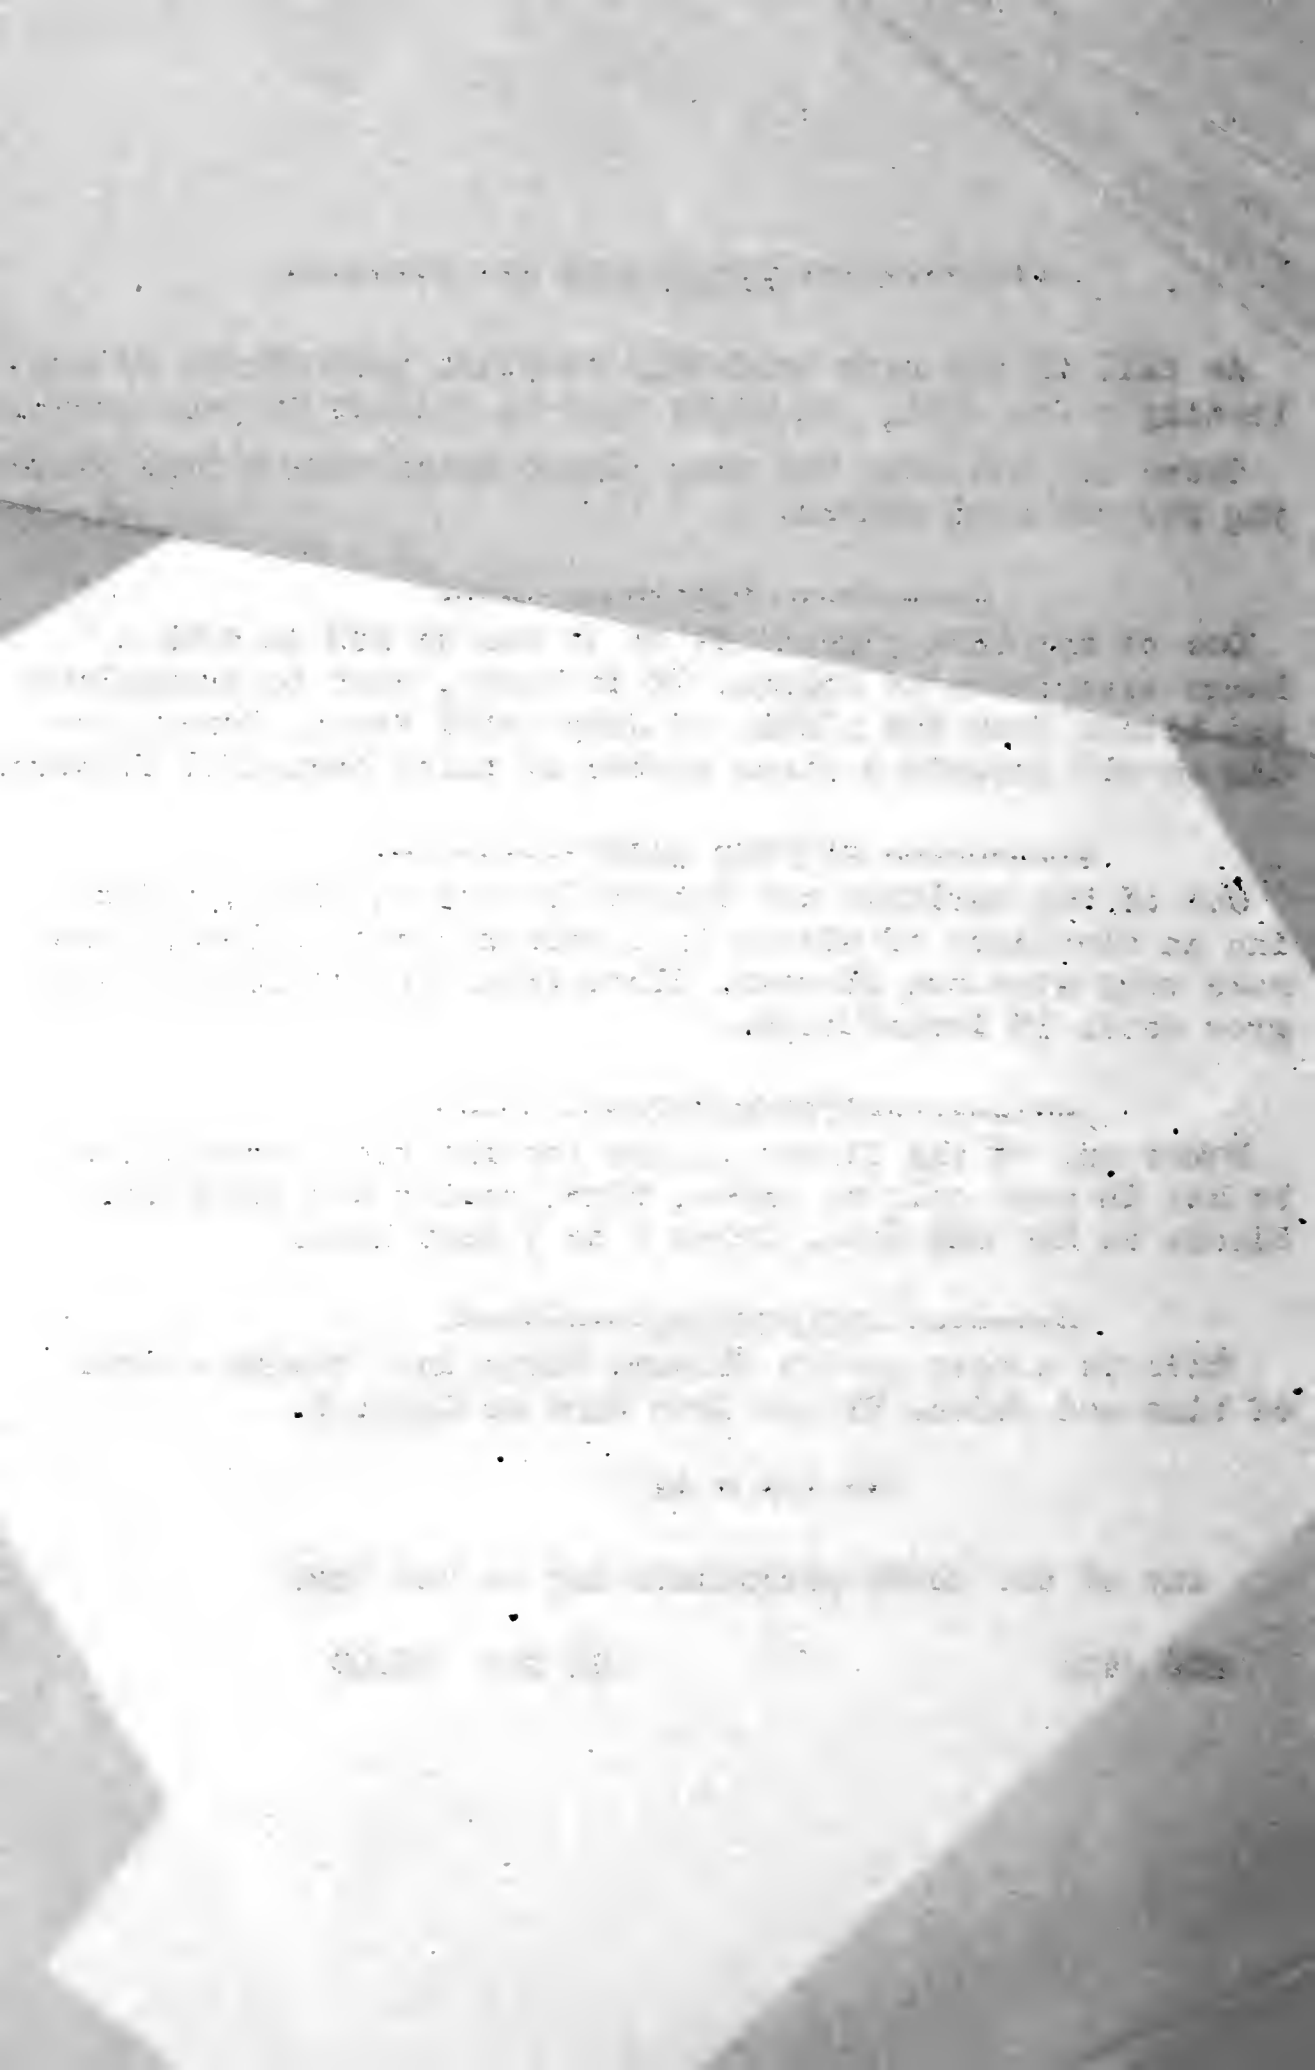

This is a very pretty flower. Comes in separate colors of blue and white. Blooms from June to October.

** * * * *

Any of the above perennials may be had for:

20¢ each

12 for \$2.00

CHINESE ELM

We have a block of Chinese Elm which must be moved this fall to make room for new plants. These trees have been transplanted three times and have an unusually heavy root system, as well as large caliper. Because it is necessary to dig these trees we are able to offer them to you at a great reduction in price, if ordered NOW. **DON'T MISS THIS OPPORTUNITY TO GET YOUR CHINESE ELM AT THESE LOW PRICES.**

All sizes are heavily branched, three times transplanted trees.

5 to 6 ft. Trees65 Each; 3 for 1.75
4 to 5 ft. Trees50 Each; 3 for 1.25

TRANSPLANTED WINDBREAK STOCK

2 to 3 ft. Trees	\$2.50 per 100
18 to 24 in. Trees	1.75 per 100

Order Now! This Fall, While Prices are Down!

Customers of Eastern and Southern States!

It is especially desirable that you place your orders now for the stock you may want, as we can make you a good saving and better service on shipments this fall due to the fact our spring season here is usually late, making it difficult to get your material to you at the best time for spring planting in your locality.

Proso

The greatest quick maturing forage and grain crop for late seeding. Very heavy producer and best of grain feeds for hogs and poultry. Straw makes a very fine hay for live stock and horses when cut slightly green. Seed ripens in shock. Buy now before the price goes up.

Seed—\$2.75 Per 100 Lbs.

Chee Grass

The most drouth resistant grass grown. Hardy everywhere and will produce an abundance of hay and forage in the driest years. Introduced by Prof. Hansen from Siberia where annual rainfall is only 8 to 12 inches. Defies the drouth and grasshoppers. Plants only available, as seed is very light and of poor germination. These plants can be put in a plow furrow and they will soon fill in the rows and make a solid field of grass.

**Large Plants—\$2.00 Per 100
\$10.00 Per 1,000**
